Professional Experience

Prosper IT Consulting, Software Developer *Portland, OR* 02/2019 – 03/2019
– Short-term internship which focused around starting development of an Entity Framework Code-First MVC5 web app to serve as an internal job placement utility.
– Worked on a team in an Agile/Scrum environment to update software daily.
– Using Meetup.com's API, added functionality for populating/cleaning an always-current database of Meetup groups and events.

22nd & Burn, Salesperson, Receptionist *Portland, OR* 10/2015 – Present
– High-volume counter service: filling orders, coordinating groups, communicating effectively with a team in a noisy environment; providing amazing hospitality and a wealth of product knowledge; closing shop.
– As receptionist: answering phones, updating online and store menus, maintaining a serene lobby, fielding questions about products, and cleaning house.

Salt & Straw, Shift Lead, Server *Portland, OR* 07/2013 – 01/2016
– High-volume counter service: filling orders, coordinating groups, moving swiftly in limited space, communicating effectively with a team in a noisy environment; providing amazing hospitality; cleaning, closing, and opening the store.
– As shift lead/keyholder: management of the team and handling large amounts of cash, maintaining health code standards, and overseeing deep cleaning, closing, and opening the store and registers.

Peet's Coffee & Tea, Barista *Los Angeles, CA* 04/2012 – 06/2013
– High-volume coffee service: making delicious caffeinated beverages, communicating effectively with a team in a noisy environment, cleaning, closing, and opening the store.
